# Pensacola Pledge Scholarship

---

The University of West Florida is honored to have Quint and Rishy Studer as the sponsors of the Pensacola Pledge scholarship program. Thanks to their generosity, Florida students from Escambia and Santa Rosa counties have more opportunities to pursue higher education.

This scholarship program awards three eligible recipients attending UWF between \$1,000 and \$4,000 per academic year.

In addition to financial support, scholars are acknowledged at community events and commencement ceremonies. Scholars also have the opportunity to serve as representatives of their institution and mentors to future Escambia and Santa Rosa County graduates at recruitment events, open houses, and transition programs.
